

GAMBIA BUILDING PROJECT

Dedicated to improving young lives in West Africa

ABOUT US

The Gambia Building Project is a registered Christian charity which works alongside schools to improve the education of children.

In our experience, families in The Gambia view education as a precious commodity but it is often too expensive and many children are unable to complete their studies.

The aim of the Gambia Building Project is not only to ensure children are able to stay in school, but to improve the schools and facilities in the country.

We do this by fundraising to build schools and support school fees, as well as donating equipment such as minibuses, sports equipment, school furniture, books and good quality clothing including school uniforms.

WHO WE HELP

We support two schools for children of primary school age:

Kerr Serign Communal Nursery School & Achievers Quest Academy

> Supported by: Gambia Building Project

FIRE & MEDICAL SUPPORT

The Gambia Building Project is also proud to assist the country's fire service through our relationship with Avon Fire & Rescue Service and Bandung Maternal and Child Health Hospital in Banjul.

LIAISON SUPPORT

Providing valuable liaison services on the ground in The Gambia are Mikail Secka and Zalberto Akorley.

MAKING A DIFFERENCE

We're proud of what we have achieved

We took six minibuses full of equipment across Europe and through North and West Africa to The Gambia in 2011 and send containers full of items when we can.

Of course, we haven't been able to do this on our own and are immensely grateful to all the schools and organisations in Worcestershire and across the UK who have donated items.

OUR SUPPORTERS

Supported by: Gambia Building Project

Over the years, we've received sterling support from schools, customers and suppliers of Worcester's Mobile Mechanic and organisations in Worcestershire and across the UK.

Donors include:

- Christopher Whitehead Language College, Worcester
- Hallow C.E. Primary School, Worcestershire • Broadheath C.E Primary School, Worcestershire
- ScopeNEXT, Worcester
- Berkhamsted School, Hertfordshire & Buckinghamshire

Nissan Elgrand owner Russell Hatt is a loyal customer of Worcester's Mobile Mechanic and maintenance supervisor at Berkhamsted School, a group of independent schools in the south of England.

van loads of books and school equipment including tables and chairs, 2021.

Russell co-ordinated the donation of five which were transported to The Gambia in

THANKS RUSSELL
